Things to do at home when you have extra time:

1. Complete a puzzle: The more pieces the better! More of a word person? Crossword puzzle!
2. Start a journal
3. If it won't bother your neighbors: Dust off that old instrument and practice.
4. Write poetry. Just try it!
5. Watch all the really long movies you've avoided until now.
6. Download Duolingo, or a similar app, and teach yourself a foreign language.
7. Finally read "Infinite Jest," "Les Miserables" or even "The Stand." Go all in and read "Ulysses." You got this.
8. Meditate. Try lying down with your eyes closed, palms up and while focusing on your breath. Or spend 20 minutes sitting cross-legged and repeat a soothing word to yourself in your head. (The latter is more like transcendental meditation.)
9. Facial masks, moisturizer, oh my! Treat yourself to a 10-step skin care routine
10. Write actual letters to family and friends. After that? Write thank-you notes to service people who you remember went out of their way for you. Send letters to nursing homes that can't have visitors
11. Learn calligraphy. YouTube can help.
12. Have a space in your home where all of the Tupperware goes? Organize it and actually match lids to containers.
13. Go through your junk drawer and supply shelves.
